HFC Natural Light Meal recipes are prepared with HFC ingredients, that is, originally fit for human consumption and now used in our recipes for cats. The same quality as we would choose for ourselves. An assortment of complementary wet food recipes made with HFC meat or fish in convenient anti-waste portions for cats who prefer to eat small meals several times a day or whenever as often the 70 g pack is 'too much' and would get wasted. Cooked in their original broth, they are ideal for keeping your cat naturally hydrated. Almo Nature recommends rotating recipes regularly, by offering different protein sources and wet and dry recipes to ensure a varied diet and cater for even the most finicky of feline palates! The paper box, tin packaging and paper label are recyclable and, if disposed of properly, can be reused for more packaging. HFC Natural Light Meal – 6 of your cats' favourite HFC Natural recipes are now also sample-sized – available in tins, 50 g 4 pack. Almo Nature is the activist pet food brand owned entirely by Fondazione Capellino.
