HFC Urinary Help is ideal for supporting the urinary tract of adult and mature cats, thanks to the presence of cranberries and their acidifying action. Made exclusively with ingredients originally fit for human consumption, chosen by Almo Nature, now cat food. The plastic and aluminium pouch, chosen for proper product storage, can be reused to produce energy if disposed of correctly. HFC Urinary Help - available in 50g pouches. Almo Nature is the activist pet food brand owned entirely by Fondazione Capellino.
