

# Conditioner

Universal

## ACTIONS

- ✓ Gently cleanses and smoothes the coat
- ✓ Brings shine and helps detangling the coat

## INGREDIENTS

### ARGAN OIL

Sterols restore the hydro-lipidic film. The skin and the hair are repaired and gain in elasticity. The scales are then closed, bringing shine to the coat. Tocopherols (vitamin E) capture free radicals and neutralize them to preserve the skin from cellular damage.

### SHEA BUTTER

Beta carotene (Vitamin A) nourishes the collagen of the skin, hydrates it from inside and activates cell renewal. Tocopherols (Vitamin E) pick up free radicals and neutralize them to protect the skin from cellular damages. Omega 9 (oleic acids) helps the skin's hydro-lipidic film to recover. The hair is nourished and the skin is softened, bringing shine to the coat.

## DIRECTIONS FOR USE

Apply after rinsing out the shampoo, massage and let stand for 2 minutes before rinsing out thoroughly. Blow dry while brushing following the direction of the hair. Avoid contact with the eyes. Suitable for puppies, kittens (of 3 months old) and dogs, cats of all breeds.

## EXISTING PACKAGINGS
